DENVER, COLORADO HERE WE COME!

"THE LORD GAVE THE WORD: GREAT WAS THE COMPANY OF THOSE THAT PUBLISHED IT!" PSA. 68:11

Violation local change for the great city **U**of Denver and many smaller towns and cities nearby!

For many years we have struggled with a small low power TV station that served the Denver area. The cable systems refused to carry TBN, and only a few of you could get our signal with indoor antennas -afew with outdoor antennas. Also, because of the low power, the picture was poor and snowy.

BUT NOW –

By the time you receive this newsletter, a brand new FULL POWER station will be under construction - maybe even on the air! Praise the Lord! Yes, we have made a contract to purchase the construction permit for 5 MILLION WATT KPJR Channel 38, and the best part is the fact that all the cable stations will be required, under the "must carry law," to add Channel 38 to their program lineup! Praise the Lord again! We already have a perfect TV studio in Westminster for local "Praise the Lord," plus other local Denver area programs! It has taken over 20 years for this miracle — but praise God, it is on the way!

I can remember coming to Dr. Charles Blair's great church with TBN

rallies on more than one occasion - and oh, how we prayed for this glorious day. Why it took so long, I do not know; but, I do know that God's ways are best.

So, rejoice, rejoice! This will be TBN's 35th big, full power station. With all of our other U.S. stations, we are currently reaching at least 98 percent of the households of America!

But, that's not all the good news.

TBN Russia is now carrying Jan's "Smile of a Child" (SOAC) network, and since the Russian satellite reaches Israel. SOAC will be seen by the thousands of Russian immigrants living there.

India continues to grow and expand. India now has DTH (direct-to-home) on the small dishes. We estimate that over 18 million precious Indian souls are getting TBN straight from the satellite! For years we would purchase the larger dishes and give them to the cable stations, only to have them used for other purposes. They cannot do that now –

THE URIM AND THUMMIM

Dear partners, we offer perhaps the most unique love gift we have presented in the entire 35 year history of your TBN!

There is still some controversy by the theologians as to the entire purpose for which this object was designed, but I encourage you to read the history of this priestly breastplate that was ordained by God. In Exodus we read:

"In this way, Aaron will carry the names of the tribes of Israel on the sacred chestpiece over his heart when he goes into the Holy Place.... Insert the Urim and Thummim into the sacred chestpiece.... In this way, Aaron will always carry over his heart the objects used to determine the LORD's will for his people whenever he goes in before the LORD." Ex. 28:29-30 NLT

Apparently these beautiful jewels would glow in

certain ways for the high priest to determine the will of the Lord in important decisions for the children of Israel. This small replica of this sacred chestpiece is an important piece of Old Testament history and will make an interesting conversation starter as you witness to unbelievers about the Lord! It is yours, including a miniature New Testament inserted in the body of the unit, for your love gift this September only. We love you 35 years strong! Paul + for
