**Smile of a Child TV serves up faith—and wholesome fun—to children everywhere!**

**“Let the little children come to Me, and do not forbid them; for of such is the kingdom of God” (Mark 10:14, NKJV).**

It's no secret that a lot of what is on television today is just not healthy for children. In fact, the amount of time kids spend watching TV each day—coupled with the objectionable content to which they are regularly exposed—is causing increasing concern to moms, dads, and grandparents who want the very best for their children and grandchildren. Take a look at a few of the alarming statistics:

- ✓ The average eight-to-ten-year-old child watches an average of four hours of television each day — nearly thirty hours per week!
- ✓ At least sixty percent of the programs accessible to children on network and cable television include violent content that research has proven is harmful to them. In fact, one study estimated that by age eighteen, the average child will have viewed over 200,000 acts of violence.
- ✓ Over the past ten years the amount of TV profanity kids are exposed to has increased by at least seventy percent.
- ✓ Similarly, as far back as 2005 the Kaiser Family Foundation found that well over half of network and cable shows included some kind of sexual content,

and among the top 20 most-watched shows by pre-teens and teens, nearly half included sexual behavior. Think how much worse it has gotten in the past ten years!

But what if there were a television channel available to kids that was absolutely free of objectionable and inappropriate content? And what if that channel was engaging, fun, entertaining, and educational all at the same time, while giving children what they need most — the message of Jesus' love?

That was the vision God gave to Jan Crouch, leading to the launch of TBN's Smile of a Child network on Christmas Eve, December 24, 2005. “Children are one of the most precious and valuable resources God has given us,” explained Jan. “And as Christians we have the responsibility and privilege of leading them to Jesus and helping nurture them in their faith. We launched Smile of a Child TV for that very purpose — to pour the love of Jesus into the hearts and lives of children everywhere. Television is a perfect tool to do that.”

Brenda Rossman, Smile of a Child's program director, said that from day one the focus has been to air programming that is fun and educational while instilling in young viewers strong faith and biblical values. She noted that moms, dads, and grandparents have been particularly thankful for a channel that

Jesus said: "Let the little children come to Me..." (Mark 10:14, NKJV). As Christian parents, grandparents, and others with influence, God has given us the responsibility, privilege, and opportunity to reach the next generation with the gospel and provide an environment that will help children grow up knowing, loving, and serving Jesus. There's no better way to help that happen than by giving kids access to the life-changing—and fun—programming available 24 hours a day on Smile of a Child TV!

## Healing Testimonies from The Holy Land Experience

**Patty:** "He (Jesus) healed me of a tumor today here at the Holy Land Experience. And today...I became saved, and I'm healed!...I couldn't walk, I couldn't stand, but now I can do this!" (Woman rose up from her wheelchair. The tumor in her right leg on her femur bone that caused much pain disappeared!)

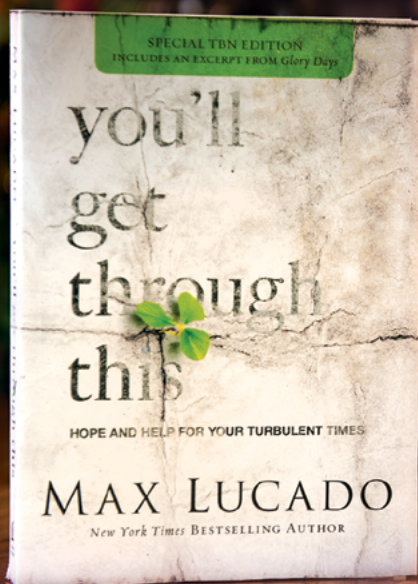

**Todd:** "My back was hurting me, my shoulder was hurting me, my elbow was hurting me, my knee was hurting me, my neck was hurting me. And I was coming here to get healed...and when I get back to Freeport, Florida I can tell my pastor I'm healed!" (One and a half years before this he was hit by an SUV and was told his knee would never be normal. He not only got healed but also got baptized in the Holy Spirit!)

**Carmen:** "I had a ruptured vertebrae and a crushed vertebrae." (Spoken after his back was totally healed and he was able to move freely without any pain, stiffness, or difficulty!)

**Lena:** "He healed me...I tore my tendon in my foot (Achilles tendon). And as I was in the service today... God truly, truly healed me. And I truly thank God because I can walk without the boot that the doctor gave me now! I am healed!" (This woman was scheduled for surgery, could barely move her foot, and was in pain. After prayer she took the plastic boot off and could walk perfectly well. Jesus healed her!)

**Joy:** "He healed me! I have emphysema, cystic fibrosis and haven't been without oxygen in years...(after receiving prayer and being 100% healed by Jesus) I walked clear around this courtyard nearly running without my oxygen! And I'm still not having to use oxygen! Hallelujah!" (Testimony given several hours after she received prayer and was healed!)

# November TBN REPORTS

## KAAH Station Reaches Out

KAAH-TV, TBN's full-power station in Honolulu, continues its outreach to the small Hawaiian island of Molokai. With the help of the group Movie to Movement and Heart of Aloha Church, KAAH recently sponsored a special screening of the new inspirational movie *Little Boy* on the island, that has no movie theaters. Recalled KAAH station manager Cheryl Witbeck: "A woman came up to us afterward with tears in her eyes thanking us for reaching out to her island."

## The London Sessions

TBN UK continues to introduce life-changing original programming for its 65 million potential viewers throughout England, Scotland, Wales, and Northern Ireland. The network recently debuted its newest innovative, inspirational talk show, *The London Sessions* with host Cynthia Garrett, who welcomes a broad range of well-known pastors, ministry leaders, authors, filmmakers, and others to discuss in depth what it means to be a woman of faith in today's culture.

## TBN Israel Welcomes Native American Singers

In September TBN Israel had the joy of welcoming a group of Native American singers and dancers (pictured with host Samuel Smadja) who traveled throughout Israel performing traditional indigenous music for the Israeli people. Among those interviewed by Samuel Smadja were Lynda Price, former chief of the Ulkatcho First Nation in British Columbia, Canada and founder of First Nations of North America; along with three-time Grammy Award-winning Native American singer-songwriter Bill Miller. TBN Israel's Mati Shoshani noted that the group "blessed many with their music and performance as they visited communities and schools across the country."

## Smile of a Child Represented at Pope Francis' United Nations' Address

Chris Luppó (pictured), manager of TBN's New York City full-power station WTBY, was in attendance at the United Nations in NYC on September 25th as Pope Francis gave his historic address to the UN General Assembly. Chris serves as an official representative of TBN's Smile of a Child outreach, started by Jan Crouch many years ago to take hope and healing to children in need. Smile of a Child has been officially recognized by the UN for "non-governmental organization" status, and it was one of a few select NGOs whose representatives were invited to hear the Pope speak. Chris joined another Smile of a Child representative, NYC Pastor Bruce Ho, who conducts a weekly Bible study at the UN, as the Pope addressed the General Assembly on a number of important global issues.
