

TBN Partners! Your impact is now being felt throughout the continent of Africa!

We are restoring the vision my mother and father started years ago by relaunching TBN broadcasting in the Sub-Saharan Africa region...

Sometimes you have to be bold enough to GO AGAIN for God. I learned this lesson from watching my dad. Throughout the years, I saw my father walk boldly by faith and have the courage to try something again after experiencing less than the hoped-for results on the first attempt. Right now—with your help—TBN is preparing to do the same thing! We're going back to release the power of the Gospel in Africa.

Launching in South Africa

Sub-Saharan Africa is no stranger to the power of the Gospel. My father made great progress there in the past, blazing

a path for Christian television. Though his vision was not completed in his time, we are now prepared to pick up where he left off.

I'm excited to let you know that this month we'll be returning to the South African DSTV provider. As a result, we're going to have the biggest impact we've ever had. DSTV is the largest distributor of Christian television in Africa. They reach key nations like Nigeria, Kenya, Uganda, and more.

Strategic Relationships

In order to have impact for Jesus in the critical continent of Africa, TBN is developing strategic relationships with some of the leading voices of the Gospel in the region. People like Ray McCauley, who has been preaching the Gospel for years in South Africa, is just one example of the great content we will be sending out over the airwaves.

SENDING THE HOPE AND GRACE OF JESUS TO THE WORLD!

“TBN is developing strategic relationships with some of the leading voices of the Gospel in the region. People like Ray McCauley, who has been preaching the Gospel for years in South Africa.”

Boots on the Ground

Our team will also be taking a trip to South Africa in the upcoming months. For me, it's more than just getting the satellite feed running. What we do here at your TBN goes beyond just “pushing a button” from a distance.

We like to go to the regions of the world where we are digging deep roots. We like to see them. We like to experience the people—their beauty—and get the heartbeat for what Jesus really wants done to make an impact for the nation.

Your Connection Empowers Connection

Great things like this don't *just happen*. We wouldn't be able to reach the unreachable in far places without your partnership, connection, and resources. Your gifts, your prayers, and connection with TBN **continually make it possible**.

I know sometimes you may think, “What can one person do to make an impact with a goal as big as reaching the WHOLE world for Jesus?” The answer to that question is:

ONE PERSON CAN MAKE ALL THE DIFFERENCE!

I am reminded of the story in the Bible with the widow who gave the little she had. From Jesus' perspective, she gave a lot because it was precious to her. A little becomes much in the hands of Jesus.

“I believe God has some powerful things He wants to show you this year.”

You may never physically make it to Africa or to some other distant place. But the gifts you send do more than I can ever express here. I also want you to know that it matters to God.

You've empowered us to go back to Africa and launch Gospel television greater than anything we were able to accomplish in the past. Your generosity made it happen. God loves, so He gives. And you're operating just like God.

Furthermore, I believe there are many TBN Partners who are beginning to move beyond legalistic giving. The more we are impacted by the Gospel of grace, the more our giving becomes something we do as an expression of love. We no longer have to give to please, manipulate, or earn favor from God.

He's already pleased to give you EVERYTHING. In fact, He gave you Jesus, and with Him you already have received all things. From this perspective, your giving becomes a way for you to express confidence by faith that God has already provided for you.

It's Time for You to Go Again

I want to close out this month with another word of encouragement. Just like we had to go back to Africa to

launch, there may be some place in your life where you may need to “do it again.”

From God's perspective, it doesn't matter what did or didn't happen in the past. The truth is, if He's made you a promise in a particular area—that is all you need. Don't be afraid to step out in faith again.

I believe God has some powerful things He wants to show you this year. I'm thrilled we'll experience them together. I also trust that any adversity we experience will be overcome by the grace of God.

Laurie and I really do love and appreciate you. God bless you!

MARCH 2016 TBN REPORTS

THE GOSPEL OF JESUS IS IMPACTING PAKISTAN!

*TBN is making an impact in the nations of Pakistan, Afghanistan, and across the Indian sub-continent through JCTV! Airing in a predominantly Muslim area, JCTV works under constant threat of persecution, yet the Gospel is being spread and broadcast through specially recorded *Praise the Lord* programs in their native language for maximum impact for Jesus. Also, due to desire for expansion and to reach more people with the Gospel, JCTV recently moved to*

the more powerful and popular Apstar satellite. The impact of the Gospel being delivered through TBN has matured many Christian leaders in the Gospel in Pakistan. They are now coming together to create a strong network and community of Believers. Thank you, TBN Partners, for your contributions, enabling these great advancements for the Kingdom. These precious people risk their lives for the sake of the Gospel daily, please keep them in your prayers.
