

ON THE MOVE IN ICELAND

Calling on the Name of God in the Nordic Nation

“We are returning to Iceland to take care of unfinished business for the Gospel ...”

There’s never a time when Laurie and I travel to a foreign land for the sake of the Gospel that we don’t find ourselves trusting in the name of our God. We always need Him.

It was no different when, earlier this year, we went on a long-overdue trip to Iceland and experienced God as *El Roi—The God Who Sees Me*.

It was a humbling and thrilling trip where God saw us and was intimately involved as He sent us back to a place my father had traveled to 25 years earlier to plant a small seed for the Gospel of Christ.

A Little History

Many TBN viewers are very familiar with Iceland because my parents had been traveling there since the 1980s. It was always the place they stopped whenever they were flying to Russia.

Of course, my dad was regularly looking for new territory to plant a flag for the Gospel, and Iceland was no exception. On one of his many layovers in the country, while reading a local newspaper, he stumbled upon the story of Erik Erickson. It said he had started a local Christian TV station called *Omega TV*.

Of course, my dad was curious, so he immediately sought out Erickson. He was able to find his phone number and gave him a call. When Erik heard my father on the other

“*Omega TV* has just received approval from Iceland’s government to add an ‘English only’ Christian channel to its lineup.”

end of the line, he thought it was a prank call. “Is this really Paul Crouch—the pioneer of global Christian television—calling me?!”

There was God again, *El Roi* watching over His children, making connections.

After Erik told my dad the story of how he got the station started with a small, 10-watt transmitter, my dad proclaimed with a smile, “You need a stronger signal!”

A few weeks later, TBN’s Chief Engineer, Ben Miller, was in Iceland to place an order for a thousand-watt transmitter—much more powerful than Erickson had even imagined.

Erik never forgot my dad’s encouragement, “Don’t despise small beginnings.”

That small seed, along with the use of satellite, has since caused the message of Christ to reach millions of homes in Iceland, Scandinavia, and Europe.

The Return to Iceland

Though many years had passed since my dad and Erik broke a barrier in Iceland, *The God Who Sees Me* knew it was time for us to reconnect. This year, He made that possible, and He did it in the simplest way. I just began to think about Iceland and Erik, and I wondered how things were going. The more it came to my mind, the more I knew that was God telling me it was time to return.

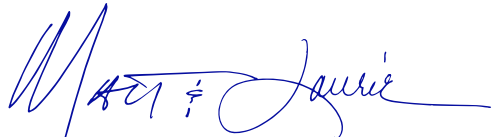

When we finally reconnected with Erik, his excitement was contagious.

He was ready to move forward! Erik and his wife spoke to us with passion for Christ. It turns out that, as it approaches its Silver Anniversary, *Omega TV* has just received approval from Iceland’s government to add an “English only” Christian channel to its lineup. Once equipment is purchased, they’ll be broadcasting TBN 24/7 throughout all of Iceland in English, too. That means more individuals and families throughout the island will have access to life-changing Christian programming!

These kinds of things only happen because God sees this ministry and He’s watching over us ... and He’s moving on the hearts of generous people like you. I want you to know how much we appreciate you, because your support is causing people in faraway places like Iceland to feel the touch of Christ.

I want to close by encouraging you to check out this month’s resource on the names of God. I only mentioned one of His names—*El Roi*—in this article. But the *Revealed* devotional reveals 31 names of God, giving you an intimate look at your extraordinary God. So make sure you get your copy.

Laurie and I look forward to continuing this journey with you!

COMING IN NOVEMBER!

A New Addition to the Trinity Family of Networks ...

Two years ago we met with a group of pastors, engineers, leaders, and creative thinkers who had a vision to bring the Gospel to Poland—where less than 1% of the population are Evangelical Christians.

Thanks to the faithful support of partners like you, it's finally happening. More people in more places are hearing the good news! Thank you!

I am from Guam, and I have been watching, enjoying, and loving everything about TBN. Thank you so much, and God bless you all!

—Harriette, Guam

Thank you for bringing back TBN Africa. We are excited and hope this will bring great change in the life of our youth. We love and support TBN Africa with all our hearts!

—Martin, S. Africa

I've suffered with various forms of pain from multiple health issues for 34 years. From daily migraines to carpal tunnel issues, discomfort was a daily experience for me. Most recently I began having terrible pain in my jaw that increased the pain from the migraine headaches. One day, I was watching Leon Fontaine and I prayed with him for healing. From that moment until now, I've had no more pain! Thank You, Jesus!
