“Scientific Facts in the Bible” by Ray Comfort

This month’s love gift is a fascinating book by Ray Comfort that explores scientific facts in Scriptures that even prominent disciples of natural science would be hard-pressed to dismiss. It is an excellent witnessing tool — especially for reaching out to those who are agnostic about God, Christ, history, or even the Bible itself. This book is a must-read for the believer who wants to read up on the Bible’s relevance to science in the 21st century.

The book explores scientific facts in Scripture that were penned thousands of years before they were “discovered” by man. Written in easy-to-read, conversational language, the book is designed to provide the “why” of the Bible to the believer and the unbeliever alike. The book is packed with historical facts from the Bible that were unknown at the time they were written.

In one year of watching your channel, I received the Gospel through TBN. From Jamaica: – M.D.

From Uganda: “Our family loves to watch your channel. There are so interesting programs. We watch a lot.” – J.M.

From Ukraine: “I received the Gospel through TBN. My life has been changed forever. I am teaching what I have learned to my friends and family.” – T.M.

From Spain: “The network I have learned so much more about God. An accelerated crash course to know what God shows us . . .” – E.

From Lithuania: “I received the Gospel through TBN. I call for prayer and if you will pray for me, you will recognize anyone. I called for prayer to TBN, and for the hospital and is fully recovered.” – C.S.

From Jamaica: “TBN has blessed my heart so much. It has helped me to grow spiritually. It has taught me what to live by faith means and walking much.” – H.Z.

From Ukraine: “I have visited the Holy Land Experience in Orlando! I received the Gospel through TBN. For more information please visit the website at: www.HolyLandExperience.org or call 1-800-447-7235.”

From France: “Your Channel is the Best!”

From Portugal: “The Newest Attraction at the Holy Land Experience is “Golgotha – The Place of the Skull.” An interactive experience like no other. Visit the Holy Land Experience in Orlando!”

From Brazil: “To Brazil With Love – 20 Years Later”

To Brazil With Love – 20 Years Later

(Continued from the front)

Christian leaders. Ten thousand new worship locations are opening every year across the nation. It is estimated that by the year 2030 fifty percent of the population will be evangelical Christians! The need? Transmitters that could be converted to digital format for installation in various cities throughout Brazil in order to broadcast their network. It is wonderful how God provides. Over the past few years, TBN had decommissioned several of its low power TV stations in the U.S. and had surplus transmitters. It was with great joy that we donated 16 transmitters to Rede Gospel, and today—as the 28th member of the TBN Family of Networks continues to go forward and expand—taking the Gospel of Jesus to the world!

“What joys await the sower and the reaper, both together!” (John 4:36 TLB)

Matt Crouch

Making a joyful noise to the Lord

“We planted a seed many, many years ago and that grew up and became a tree and now we’re getting to pick the fruit of that tree and feed the nations.”

—Matt Crouch

Singing to the LORD, for he has done wonderful things. Make known his praise around the world.

—Psalm 105:1

Watch TBN.org on your internet device 24/7!

TBN’s Madrid Spain studio is bursting with activity as they produce current, contemporary Christian programs to touch the hearts of viewers throughout Spain.

The Crouch Family

The Burpo family: Sonja, Colton, and Todd spoke with Cliff Barrows about Heaven is for Real, the book and movie. Todd was a witness as a young man to evangelist Arthur Blessitt. Todd became a witness and shared his personal testimony about what he saw in Heaven.

“Singing to the LORD, for he has done wonderful things. Make known his praise around the world.” —Psalm 105:1

Matt Crouch

For 40 years, Dr. Josh McDowell has been an evangelistic crusader with a passion to lead young people to Christ. He has authored over 150 books, among them more than 50 fiction and non-fiction titles.

The Crouch Family

The largest Christian network in Latin America, the Rede Gospel network produces and broadcasts Portuguese language Christian programs that reach 41 million people across Brazil via regional TV stations, cable, satellite, and radio. They broadcast internationally via the Internet and on two satellite channels that cover the southern part of the United States, Western Europe, and Africa. When Dr. Crouch first met Bishop Sonia and Apostle Estevam, Rede Gospel was in the process of switching their analog television transmitters to digital. Their need? Transmitters that could be converted to digital format for installation in various cities throughout Brazil in order to broadcast their network. It is wonderful how God provides. Over the past few years, TBN had decommissioned several of its low power TV stations in the U.S. and had surplus transmitters. It was with great joy that we donated 16 transmitters to Rede Gospel, and today—as the 28th member of the TBN Family of Networks continues to go forward and expand—taking the Gospel of Jesus to the world!
