

JUNE 2015

VOLUME 42, NUMBER 06

Matt and Laurie with staff and friends at the TBN Zambia station in Lusaka, Zambia.

TBN REACHING AFRICA WITH THE GOSPEL “AFRICA SHALL BE SAVED!”

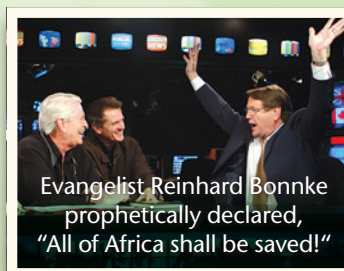

“And you shall be My witnesses . . . to the ends of the earth” (Acts 1:8).

“I’m not claiming a station — I’m claiming another whole network for Africa. And this will be the mother station from which will grow many more relay stations and satellite stations and full power stations and the lights will spread all up that great continent.”

– 1984 Praise the Lord: Paul Crouch announces the granting of a TV license for TBN in Ciskei, South Africa.

Africa—just the name brings to mind so many images: primitive villages, teeming cities, majestic mountains, and magnificent coastland; lions, elephants, and giraffes roaming open plains. A continent rich in resources yet with a troubled history of colonization and exploitation. And for us who are compelled to take the Gospel to the ends of the earth—a continent of nearly a billion people, many of whom have never heard the name of Jesus.

TBN’s work in Africa started back in 1984 when we were given the opportunity for a TV license in what was then the South African homeland of Ciskei.

Evangelist Reinhard Bonnke prophetically declared, “All of Africa shall be saved!”

During a historic *Praise the Lord* program Ambassador Douw Steyn presented Paul with a telegram from Ciskei President Lennox Sebe inviting TBN to build a Christian TV station in his nation. President Sebe’s message read in part, “It is our belief that through this facility.

. . . the eyes of the blind will truly be opened resulting in a rich harvest of souls.” This turned out to be a prophetic word since the Ciskei station became the launching pad for God’s plan to take Christian television to all of Africa. It took a couple of years to build the Ciskei station, but we will never forget that thrilling day in December 1986 when Paul and Jan, along with Arthur Blessitt, traveled to Ciskei and dedicated Channel 24—the very first Christian television station on the entire African continent!

1994: Paul and Jan in South Africa with President Nelson Mandela and General Bantu Holomisa.

Licenses for TV stations in two other South African homeland nations quickly followed and soon we were broadcasting the Gospel in Transkei and Bophuthatswana. Then, in 1994,

TBN—The #1 Christian Network in the World!

South Africa underwent a radical change when the evil apartheid system of government was abolished and a new day was ushered in with the election of President Nelson Mandela.

Paul and Jan had the honor of meeting President Mandela, who was very supportive of TBN's work in South Africa. During his interview with the Crouches, Mr. Mandela stated, "In government we need the highest standards of morality. And because the church is an organization which attaches great importance to moral values, the role of the church cannot be underestimated. It is extremely important. You can rest assured that there will be no interference whatsoever with the establishment of stations in this country."

And so, from South Africa the light of Christian television quickly began to spread up the continent into other African countries. Matt, Laurie, and the TBN team recently returned from a missions' trip to several African nations where they visited stations and outreaches that YOU, our partners, helped establish. The glorious news is: From Egypt in the north to Namibia in the south—the name of Jesus is being proclaimed all over Africa because of your faithful support and prayers.

One of the first stops was in Dar es Salaam, Tanzania where, since 2001, TBN affiliate Agape TV has been broadcasting Christian programming across the country. "Reaching the lost at any cost," is the motto of Agape TV founders, Drs. Vernon and Anny Fernandes, and over the years TBN's partners have helped build TV towers and provide TV

equipment that has enabled Agape TV to expand into a network that today blankets much of Tanzania and other parts of East Africa with the message of Jesus' love through five networks: TBN, Church Channel, JUCE TV, Smile of a Child, and the local Agape TV.

Next, the team's visit to Uganda brought great joy as they were greeted by dozens of local pastors who support our affiliate network Lighthouse Television Uganda. The team immediately went to work helping manager Gary Everett and the Lighthouse staff rearrange the studio set and lighting, as well as making other needed improvements to enhance the station's production capabilities. Amazingly four large crates containing a new master control playout system that TBN ordered back in November had just been received and a jubilant prayer service was held as dozens of pastors and Lighthouse Television partners joined the TBN team in praying over and dedicating this important equipment to the Lord.

Then it was onward to Lusaka, Zambia where Matt, Laurie and the group visited the TBN Zambia station, which has been broadcasting TBN's programs across the country since 1998. TBN Zambia President Dr. Danny Pule welcomed the team and gave them a tour of the facility, showing them equipment that was still in use 17

years after it was first given to the station by TBN's partners!

From Zambia the group traveled to South Africa. Much has changed since those early beginnings 30 years ago, and it was with great joy that Matt, Laurie and the group met with dozens of pastors and Christian leaders who love and support TBN.

They discussed exciting new opportunities for expanding the role of TBN and Christian television not only in South Africa, but across the continent.

The final stop was in Windhoek, Namibia, where the Crouches met with Edna and Coenie Botha, founders of TBN Namibia, which has been broadcasting TBN's programs since 2002. The Bothas reported that in a nation of about 1.2 million people, they see about 7,000 to 8,000 people a year accept Jesus as Savior!

We are reaching Africa through TV stations, satellite, internet, and mobile apps, but the job is not done! Many African countries are just now making the transition to digital television and stations require new transmitters and support equipment to stay on the air. Multiplied millions of precious souls have yet to hear about God's love and grace. Jesus' command to His disciples in Acts 1:8 applies to all of us today.

Matt with Robert Kayanja, pastor of Miracle Center in Kampala—the largest church in East Africa, TBN Vice President of Production, Bob Fopma and Lighthouse Television Uganda manager, Gary Everett.

Please support TBN with your prayers and giving — and be a part of taking the Name of Jesus to “the ends of the earth.”

Yes, in Jesus' Name “AFRICA SHALL BE SAVED”!
