Sharing the hope of Christ's resurrection power

Dear Partner and Friend,

As we prepare to celebrate Easter later this month, I think we can all agree that the glorious resurrection of Jesus Christ nearly two thousand years ago is the most monumental and world-changing event in all of history—one that continues to impact every corner of the globe. Let's take a moment to consider: when the only begotten Son of God broke the bonds of death and stepped out of the tomb, He once and for all secured forgiveness of sins, salvation, reconciliation to the heavenly Father, abundant life, and the hope of eternity in heaven for every person who calls on His Name.

Over the years, Laurie and I have had the opportunity on many occasions to step into that historic empty tomb in Jerusalem, joining other Christ-followers in experiencing the awe-inspiring truth of the angel's words to the women who came there on that morning of His resurrection: "He is not here: for he is risen, as he said. Come, see the place where the Lord lay" (Matthew 28:6).

And like you, standing with our own local congregation on Easter morning, we have joined with believers throughout the earth in that declaration of faith that echoes across history from cathedrals, churches, chapels, and hidden underground congregations: "*Christ is Risen! He is Risen, Indeed!*"

Throughout both the Old and New Testaments, Scripture makes clear God's blueprint of salvation through the suffering, death, and resurrection of His beloved Son. One of my favorite passages on the subject comes from the apostle Peter, who writes: "Blessed be the God and Father of our Lord Jesus Christ, who according to His abundant mercy has begotten us again to a living hope through the resurrection of Jesus Christ from the dead..." (1 Peter 1:3, NKJV).

Over the past fifty-two years here at TBN, we've had the privilege of partnering with friends like you in making Easter a truly special occasion to share this "living hope" to the untold millions of people across the earth who need to know the truth of God's love and mercy for them.

My parents, TBN founders Paul and Jan Crouch, were true innovators who used every available tool and technology to share this timeless and eternal message with as many people as possible. In their day, satellite was the "cutting-edge" technology, and Easter offered a made-to-order opportunity for them to use this tool to maximize the reach of TBN's resurrection programming.

As just one example, in the early 1990s, my parents hosted a special sunrise Easter service with several thousand worshipers at California's famed Hollywood Bowl. This was one of four televised services across the U.S. that TBN broadcast simultaneously via satellite that Easter

“Blessed be the God and Father of our Lord Jesus Christ, who according to His abundant mercy has begotten us again to a living hope through the resurrection of Jesus Christ from the dead....”

— 1 Peter 1:3 (NKJV)

AMAZING GRACE: AN EASTER SPECIAL. Two legendary voices come together for an evening of worship from Lakewood Church in Houston, Texas. With Pastor Joel Osteen hosting this special event, Andrea Bocelli and CeCe Winans are joined by guest artists Tauren Wells and Clara Barberie Serrano.

Sunday. But this was not a publicity stunt or anything like it, but a fervent part of TBN's mission to reach "souls, souls, souls" for Christ, as my father put it.

"Only eternity will reveal the vast numbers of individuals from all across the earth whose lives were transformed because they were able to turn on a television set and hear the glorious message of the resurrected King of Kings," he later said of that historic Easter Sunday.

Fast-forward a few decades, and while we're still using satellite to get TBN's life-changing signal to "the uttermost parts of the earth," we've also added the incredible power of the Internet, which enables us to stream compelling Christ-centered content to televisions, computers, and smart phones around the world. In fact, as I've said before, the Internet is not unlike a giant global cable system that allows us to take the good news of Jesus to, quite literally, every electronic communications device on the planet simultaneously. To me, that seems like a divinely engineered fulfillment of the Old Testament prophetic scripture: "For the earth will be filled with the knowledge of the glory of the LORD, as the waters cover the sea" (Habakkuk 2:14, NKJV).

Dear friend, this Easter—and every other day of the year—TBN is taking the "living hope" message of the resurrected Jesus to searching souls around the world and around the clock. But we cannot fulfill this "Great Commission" task alone. It takes the diligent prayer and financial support of partners like you for us to reach every person who needs to hear and to respond to the good news of Jesus.

Please know that every prayer you offer and every dollar you sow into TBN's global outreach of God's love makes you a part of the ongoing story of lives changed and hearts healed. During this important Easter season, thank you for standing with us to take the good news of the risen Savior to searching hearts who need His touch.

God bless you,

Matt and Laurie Crouch
