Etrechia – “I've just received my envelope from you and I am thrilled with it especially the gift from Joel Osteen. Thank you so very much. Now I have to be patient. Yesterday we had no electricity from about 2am to about 11pm. Missed all my favorite TBN programs! Then, as I was getting ready to switch on the TV for my daily dose of Joel and Joseph, off goes the power again! Up to now 11:45 still no power and we have to go into camping mode. Brew tea and cook oats on the little green paraffin stove. Thankfully I charged my tablet during the night so at least I can be in touch. Charging phones - more complicated. Must go down to the office where they have a generator and charge there. Well, at least there is a nice library where one can wait for the phone to charge while catching up on the village news. Have yourselves a super Holy Spirit charged, God blessed day.”

Rita – “Greetings in Jesus precious name. It is indeed a joy and privilege to wake up to inspirational messages daily on TBN. Especially with Pastor Joel Osteen with his positive outlook to any circumstances. It is an empowered channel with diverse messages from powerful preachers. May the Good Lord continue to bless this channel as it reaches to the whole world with the Good news. Thank God for the vision of the late Dr. Paul Crouch.”

Thando – “I'm growing spiritually because of this channel. Inspired by TD Jakes ,thanks to TBN.”

Patience – “I would like to thank you for the wonderful channel. Ever since I started watching TBN, I never change to any channel, I've been reconciled back to my Redeemer and I always hear the word of God and I'm blessed beyond measure. Thank you TBN.”

Nina – “The program God and Creativity was an extremely good program. It added so much knowledge to how we as children of God should discover, develop and use our gift of creativity. Thank you very much for airing it. My whole family enjoyed every program and we tried to focus our friends attention on it as far as we could. We are looking forward to more programs from Darren and Greg Wilson and similar programs. It is such a pity that it was such a short series. May God bless this channel over and above.”

Deborah – “My Name is Deborah, I am seven years old. I have been watching TBN and it has inspired my life. TBN is the channel that teaches me about God.”

Christian – “I am from Malawi. I was helped in my faith with God by TBN, especially John Hagee ,TD Jakes and Joyce Mayer and my faith has grown deeply, so thank you TBN and may god bless you.”

It's Time – National Day of Prayer

Farmer, evangelist Angus Buchan, also known for the Faith Like Potatoes movie, announced on the 27th of February, that an urgent national day of prayer for South Africa will be held on a farm in Bloemfontein on Saturday the 22nd of April.

Angus Buchan said: “It is time we acted like children of God and pray regularly, and not only when we need God. People hardly have the time to pray, how could we expect change to take place? If we could pray to God for rain, just imagine what He could do with our prayers to heal the sick, to help the country, to turn hearts back to Him who is risen.”

More than one million people gathered to call on God for South Africa on that day. Miracles, signs and wonders took place and testimonies continue to come in of answered prayers.

TBN in Africa was there to pray for South Africa and the continent of Africa. We also had exclusive interviews from a mixture of secular leaders, church leaders as well as politicians that attended the event. The It's Time event, along with our exclusive interviews and testimonies from people who attended, will be broadcasted on TBN in Africa.

Testimonies from the event:

Remona - “What an absolute privilege it was to be part of such a powerful prayer meeting for our country. Words cannot describe the atmosphere. Millions of people came willingly, full of Faith, drove from all parts of South Africa, believing South Africa can change without violence. South Africa was placed at the feet of Jesus. Jesus said “For where two or three are gathered together in My name, I am there in the midst of them.” Yesterday there was over a million people on their knees crying out for forgiveness and restoration over our country. South Africa will never be the same again. From a clear, hot day with no wind. This wind blew over the meeting. Absolutely mind blowing. Thank you Uncle Angus and everyone involved for setting up such a powerful meeting, God's hand was truly over it and the angels in heaven must be rejoicing over what they saw. God saw your pure heart and instead of sending hundreds, thousands, he sent you millions. The 22 April 2017 will go down in History as a day to remember.”

Amicus - “I have only one word to describe the event and that is "AWESOME" Taking everything into consideration from the start of the planning, till giving the property back to its owner, it is just one huge miracle. No person could have walked away from the event and not have had a personal encounter with God.”

Testimonies from It's Time continue:

Tania - "I gave my heart to Jesus that day. I always knew that God wanted me to be a soldier for Him but I was never ready. Satan did everything in his power to stop us from going to Bloemfontein that day. We came from Port Elizabeth, we were going with a bus that was donated to a group of us we just had to cover petrol cost. We paid our R200 weeks before, we needed money to go as we had to buy electricity for our house for mom and kids, food for them for the weekend and food for us for the weekend. But everything we tried was a closed door. 4 hours before we had to leave my hubby finished a job that he got and we got paid just enough to cover the weekend. So I say thank you Lord for opening up my eyes and so sorry it took me so long and I love each and every person who was there that day because we are brothers and sister of Christ."

Lynette - "Praise Jesus! Thank you for sharing Tania. He also provided for me to get there when I could not pay for it, and healed me of a chronic disease! I will never be the same. I will praise Him and Love Him all my life!"

Esther - "Hallelujah! Awesome testimonies! South Africa will never be the same again!"

Melanie - "It was indeed a Jesus-day. It was awesome - Praise the Lord. Besides the Spiritual enrichment, I would like to share how proud I felt when more than a million people left the grounds and when I looked back, there was not a single piece of litter lying around. I took a photo of the beautiful clean space where more than a million people were on their knees a couple minutes earlier. Wow. Well done SA!"

Marie - "I could not be there, though I was there in spirit and prayer. I could feel the Holy Spirit work South Africa like NEVER before. We as Disciples of Jesus stood together in prayer and it was powerful, though the best is yet to come."

Jenny - "My son aged 21 and I were there. It was a wonderful blessing and an unforgettable experience. Thank you very much to all involved at to Angus Buchan for obeying God."

Bernardete - "I've been suffering from severe lower back pain for more than 20 years. I've become accustomed to living in constant pain, some days more and other days less. It was excruciating at times, especially when having to stand for more than 10 minutes, as during praise and worship. During the IT'S TIME event, whilst the wind started blowing, I realized that I had been standing for more than an hour, WITH NO PAIN! After walking 2.5km back to our car, NO PAIN! After sitting in the car for more than 7.5 hours, NO PAIN! I experienced NO PAIN since Saturday! Thank You Lord! When You promise something, You always deliver."

Testimonies from It's Time continue:

Leo - "I was there and at the end when Angus was giving the benediction two guys from Umlazi in KZN came from the back and had a word from the Lord over my life. It was an atmosphere filled with God's presence."

Nondumiso - "We praise and thank the Lord for all the brothers and sisters in Christ that attended, this glorious assembly. I have no doubt that it was recorded in heaven and future generations will be reading about it. May the Lord bless you & your generations, for standing in the gap for our nation. I believe we're entering into a season of unity, across denominations, races & background in the body of Christ. The church without spot or wrinkle is emerging, to the glory of God!"

Rina - "It's Time was a day I would never forget. To know that more than a million people came together to seek God and He was there. When we knelt to pray for the third time to pray as individuals and we stood up the Holy Spirit came to visit us in a mighty wind. Everyone had such joy and we were clapping and shouting. I just felt goose bumps for more than a minute. Every word uncle Angus preached came from God and it touched every heart. I know something happened that day. I am not the same. My heart changed and I think everyone that was there feels like this. I have been sick for three years now and I have started to feel a change after this event. I know God has touched me and the healing power of the blood of Jesus is working in my body. I give Him all the glory. It was a privilege to be there. I know God is busy working all things to the good for South Africa. He is a good Father and His mercy endures for ever. We lost our car that very night at the event. After praying and searching more than 3 hours God helped us to find it. Thank you Jesus you are faithful."

Huis - "It was phenomenal i have never experienced the presence of God in such a way."

Linzia - "What an amazing time with God and His children. With God and in His name we can conquer SA together. We need to live in love and conquer in love, not being trampled on but taking what is ours in Jesus Christ's name!"

Chrisna - "Africa will be saved indeed. Had an awesome day now we must go out and spread the word of God and shine the light of Jesus Christ!"

Liesel - "Awesome blessed day it was. What a privilege and healing experience it was to be a part of such glorious event. Truly life changing. Thank you Lord."

Testimonies from It's Time continue:

Willie – “God brought together a million plus people and yet my experience was that he came to meet each one individually! I heard so many stories of people having an experience of calling before the event. In my own case a praise and worship song on my phone that I had not listened to for years that blessed me the night before with the words "Come into the presence of God without fear" You see I was worried about taking my daughter along and whether the crowds would be too much or it would be safe. But God said "Come into my presence without fear" And so we came and He blessed us with the most amazing day and the most incredible fellowship. Kneeling before Him with people from all walks of life we felt his healing presence for our country!! Thank you Oom Angus for being faithful! And to all that was there for listening to your hearts. Hallelujah to the Lord of Heaven and Earth!”

Vicki – “I am still struggling to find the words for that day. I heard of it a week and a bit before and I told my partner I'm going. You have to understand anything I commit to always fails as I just fall in with other peoples plans. I felt determined to go even if it was on my own. But it wasn't my determination that got me there. God called me and not only me but 3 others too. When I got an email for the iTicket it asked me how many people will be in the car. I know I wished my daughter and her boyfriend would come but never dreamt they would as they don't follow our Lord Jesus. For some reason I typed the number 4, thinking rather more than less and didn't want to take the chance of messing the event around with numbers. The Tuesday before the event my partner asked what we were doing the weekend. I told him I'm going. He said ok, he will drive me. No arguments which was amazing in itself. The Wednesday my daughter's boyfriend plainly told us with child like enthusiasm he is coming with. There was no stopping him. My daughter has two little ones but God placed in their crèche teaches heart to say yes to looking after the two while we were away. She said she was happy the youth will be at the event. Everything went so smoothly. We even had enough money to put on two new tires (we from George) the Thursday I couldn't sleep. It was as if the Holy Spirit was running through my veins. So much excitement that I didn't understand. The Friday night I only got to sleep at 10pm after dropping my grandkids and making sandwiches for the trip etc. We were to leave home at 1h30 to get to Bloemfontein at 10h00. I set my alarm for 12 and I was so scared I wouldn't wake up because I was exhausted. My phone is broken and for the past year it has to stay by my bedside on charge otherwise it doesn't work and the alarm only goes off once. You can't snooze it. My alarm is the song by Christie Knockers, Find me at the feet of Jesus. My alarm went off and I struggled and next thing I knew it went off again. I struggled to get up. I don't know how many times it went off but it only stopped when I got up. God is so amazing! I knew it was Him! As tired as we were it was as if God energized our Spirits. The event had nothing to do with our bodies. Just before the event my dad who is 72 yesterday told me he went to the doctor to have his usual check up and the doctor took him off his high blood pressure pills he has taken most of his life because his blood pressure is perfectly normal! Yesterday my brother who is 42 told me he will be baptized this Sunday. This is a miracle again because up until two weeks ago my brother was an atheist! For me, after a 5 year journey I have never felt more rooted in God. I have never felt so confident of His Greatness. He just gave it to me on that day. I love so much and there is no doubt in me that God is working on all our prayers.”
