SOUTH AFRICA: A Nation Joins In Prayer

More than one million South Africans gathered just outside the city of Bloemfontein to pray for their nation

on April 22nd, led by TBN friend and ministry partner Angus Buchan. Known around the world as the subject of the popular movie *Faith Like Potatoes*, Buchan said the prayer event, which was dubbed "It's Time," was all about turning the heart of the nation back to God.

"We are going to call upon the Lord to bring justice, peace, and hope to our beloved South Africa," Buchan said in the days leading up to the event. He added that the day of prayer, the largest ever in the history of South Africa, was intended "for all South Africans of all cultures, races, and denominations who are concerned about the malice, hatred, violence, murder, and corruption in the country."

During the day-long prayer time, Buchan told the assembled that "it is not good enough to just go to your house and pray with your family. We need to come together as a nation and we need to seek the Lord together.... God is calling us to draw a line in the sand and say, 'Devil! No further than this!' God says He will save South Africa. He is a faithful God who answers our prayers. Amen."

TBN in Africa was on-hand to tape the event for later broadcast and to interview pastors, Christian leaders, government officials, and others who participated in the day of prayer. In so doing, the impact of this day of prayer lives far beyond a single day, and is multiplied several times over to countless individuals who may not have been able to attend.

"We were blessed to be a part of this momentous day for the nation of South Africa—to join in prayer and to record it for broadcast to viewers across Africa," said TBN in Africa Manager Lucky Mbiko. "As Brother Angus and others who participated declared, this marked the beginning of a new era for our beloved country, and will be talked about for many years to come. God is touching South Africa once more!"

Over a million South Africans took a day to pray for their nation.

HARVEST AMERICA 2017

Broadcast Live on TBN

TBN was the exclusive television broadcast partner for Harvest America 2017, which took place June 11th at Arizona's University of Phoenix Stadium. The event, designed to offer hope to individuals, families, and communities throughout the U.S. and the world, featured a timely and personal message from popular pastor, author, and Christian leader Greg Laurie, along with music from a number of award-winning artists including NEEDTOBREATHE, MercyMe, Trip Lee, and Phil Wickham.

Pastor Greg said that "in addition to the over 38,000 people who attended the free Harvest America outreach at the University of Phoenix Stadium, millions around the world participated

in Harvest America 2017 through a live broadcast via Trinity Broadcasting Network, which aired Harvest America live for the first time on its global family of networks that spans over 175 countries."

While it's impossible to know just how many decisions were made in the massive television audience, Matt Crouch noted that close to 3,000 individuals gave their lives to Christ in the stadium that night. "Those are the numbers that really matter," he said, "people impacted for eternity through God's love. We are honored that TBN had the privilege to bring this life-changing event to viewers all around the world. And we believe that thousands more across the earth turned to Christ because of this broadcast."

HUCKABEE RETURNS

...exclusive to TBN!

“

I am grateful to Matt Crouch for sharing the vision of a weekend destination on TV where we talk to newsmakers and celebrities in a civil and respectful manner....” — Mike Huckabee

Former Arkansas Governor, presidential candidate, and longtime popular political commentator Mike Huckabee is returning to television with

a new weekly news and talk show premiering this fall exclusively on TBN. Titled simply *Huckabee*, the new show will combine Mr. Huckabee's well-known commentary on news of the day and current issues, along with guests from the worlds of politics, entertainment, and faith. *Huckabee* will be taped before a live studio audience in TBN's Nashville studios, and will follow a format similar to his popular show that ran in prime time from 2008 to 2015 on the Fox News Channel.

“We are excited to add *Huckabee* as one of many new developments to our program lineup,” said Matt Crouch. “Mike has a decades-long reputation for compassionate statesmanship, biblical counsel, and solid common sense perspective. His is a welcome voice of wisdom, integrity, and faith that America sorely needs right now.”

Governor Huckabee said TBN is the perfect home for the program he envisions. “I am grateful to Matt Crouch for sharing the vision of a weekend destination on TV where we talk to newsmakers and celebrities in a civil and respectful manner,” he said, “as well as introduce America to some not-so-famous people whose stories remind us that the greatness of our nation is about the people who love God, raise their families, and serve their neighbors.”

"Boots on the Ground" across America

TBN's full-power television stations across America

are our "boots on the ground" bringing TBN's most popular domestic networks — TBN, the Hillsong Channel, SMILE, JUCE, and Enlace — to tens of millions of over-the-air broadcast viewers and reaching out to communities throughout the U.S.

Every one of TBN's 37 local affiliates — in cities as diverse as Los Angeles, New York City, Dallas, Denver, Jackson, Mississippi, and the Quad Cities of western Illinois and northeast Iowa — are closely involved with the communities they serve, partnering with churches, pastors, and civic leaders to bring hope and healing in powerful and practical ways. The following is just a small sampling of how TBN's local affiliates are making a difference in their communities.

KTAJ provided each mother who attended the Catholic Charities outreach in Kansas City with a beautiful stained glass love gift to remind them of how much God values them.

KPAZ-TV21 Phoenix, AZ

Every year TBN's Phoenix station, KPAZ, helps to sponsor the Arizona Governor's Prayer Breakfast, which brings together elected officials, faith and community leaders, and others from throughout the state for a time of prayer for their state and the nation. KPAZ Station Manager Oralena Brazier sits on the board of the Arizona Governor's Prayer Breakfast, and each year helps to make the event a success.

The keynote speaker for this year's breakfast, held April 26th, was Steve Green, CEO of Hobby Lobby and Chairman of the Board of the Museum of the Bible, which is slated to open in Washington, DC this November. "This annual event offers a great opportunity for us to network with leaders from throughout Arizona and the nation, and to share with them all the great things God is doing through TBN," said Oralena.

KTAJ-TV16 Kansas City, MO

In April KTAJ partnered with Catholic Charities of Kansas City for an awesome Mother's Day outreach to recognize the young moms who are clients of the local domestic violence service center sponsored by Catholic Charities. This impacting outreach is designed to help women and children who are victims of abuse by providing shelter, counseling, advocacy, and the love of Jesus during this critical time in their lives.

INTERNATIONAL NETWORKS

Reaching every nation with the gospel

In 2017, your TBN is reaching an audience of more than one billion potential viewers in 175 nations across the earth through thirty global networks broadcasting the good news of Jesus Christ twenty-four hours a day in over a dozen languages. A huge part of that global reach comes from TBN's international networks and affiliates, covering Latin America (Enlace), Africa (TBN in Africa) and the Middle East, all of Europe (multiple networks), Asia (TBN Asia), and beyond with culturally relevant programming for every viewer demographic. Here's a small sampling of TBN's international impact over the past three months.

TBN UK's Leon Schoeman took to the airwaves to bring comfort and prayer to UK residents after the Manchester terror attack.

TBN's newest international network, TBN Polska, is covering the nation of Poland 24 hours a day with the message of Jesus. Most of the nation's 38 million people are nominally Catholic, but with little or no knowledge about the truth of salvation through Jesus. That is rapidly changing, however, as TBN Polska is now available to nearly 85 percent of Poland's households. Said network director Krzysztof Rompa: "We are excited as we anticipate the millions of individuals and families whose lives will be impacted for eternity by God's message of hope, grace, and love that they experience through TBN Polska."

TBN Polska

Nearly the entire population of the United Kingdom — more than 26 million households throughout England, Scotland, Wales, and Northern Ireland — have 24-hour access to TBN UK's life-changing Christian programming. So when terrorists attacked a concert in Manchester, England attended by thousands of young people, killing 22 innocent victims and injuring hundreds more, TBN UK's Leon Schoeman took to the airwaves to speak comfort to distraught UK residents, and lift up timely prayer for the victims and their families.

"This is the work of the body of Christ, and precisely why TBN UK is on the air," said Leon: "to bring hope, healing, and God's mercy to individuals, families, and communities."

TBN NEJAT TV

Hundreds of thousands of individuals in Iran and beyond have come to faith in Christ through TBN's Farsi-language Nejat network since it first began broadcasting in 2006. One of those individuals is Bakhtiar, a suicidal Iranian man who came across TBN Nejat as he was watching TV one day. The network founder, Pastor Reza Safa, was talking about healing and being born again through faith in Christ. Bakhtiar put his hand on the TV and prayed with Reza: "Jesus, I repent of all my sins. Jesus, I believe that you are the Son of God. I believe that you died for my sake and three days later you rose again. I invite you to come into my heart and fill me with your Holy Spirit."

Reza Safa, founder of TBN Nejat TV.

TBN IN ISRAEL

Situated on Jerusalem's *Givat Hananiah* — Hebrew for the "Hill of Grace" — the state-of-the-art studio of TBN in Israel provides engaging and inspirational programming for many of TBN's global networks and affiliates. During the months of April through June, the Israel team helped produce a powerful new TBN documentary series, *Why Israel Matters*, sponsored by Christians in Defense of Israel and hosted by TBN's own Mati Shoshani. Filmed exclusively in the land of God's people, this weekly program demonstrates in a compelling way the crucial importance of the Jewish State of Israel to Christians, to America, and to the world.

In May Matt and Laurie Crouch joined former Arkansas governor and presidential candidate Mike

Huckabee from Israel for a special taped at TBN's Jerusalem studio. While there the trio announced the upcoming, highly anticipated debut of Mr. Huckabee's weekly program of culture, politics, entertainment, and more. "This is all part of our vision to make faith-and-family television fresh and relevant for a new generation of viewers," said Matt. "That's what TBN 2.0 is all about."

Every month TBN in Israel welcomes visitors from around the world. In June evangelist Daniel Kolenda was here with over 500 young people from the U.S. for a special worship service on the roof of TBN's Jerusalem studio. Every person present was mightily impacted through the music, praise, and message from God's Word!

JCTV PAKISTAN

Launched in Lahore, Pakistan in 2004, JCTV Pakistan is reaching millions of Urdu-speaking viewers with the hope of salvation. But there is intense opposition from Muslim radicals who want to silence this voice of God's love. In 2015 JCTV founder Javed Rauf was forced to flee Pakistan when his life was threatened.

Landing in the U.S., Javed was quickly embraced by the TBN team and Matt and Laurie Crouch, who helped get him settled in Philadelphia. It was there that the folks at TBN station WGTW-TV48 made sure Javed had studio space and everything else he needed to keep JCTV on the air with programming for the spiritually hungry viewers in his country and beyond.

In early June God opened a door for Javed to return to Pakistan, where JCTV continues to impact Urdu-speaking viewers with the message of God's hope and grace. Said Javed: "We simply have no words to express our thanks to Matt and Laurie, TBN Philly's Michal Curry, and all our friends and partners who have stood with us in prayer and support for JCTV Pakistan."

"We are so grateful to the many partners who have helped to give Lighthouse TV such an incredible impact throughout our nation and beyond," said Pastor Everett. "We look with anticipation to many more years of fruitful outreach as we join together with TBN and these wonderful pastors and leaders to take the message of Jesus to those who have not heard."

TBN 2ND CHANCE

Taking God's love to those in prison

Over two million men and women are serving time in America's prisons — and TBN wants to take God's hope and healing to every single one of them! So far through TBN 2nd Chance we've brought 24-hour Christian television to more than one million adults and juveniles serving time in over 900 prisons across 41 states. That includes places like California's notorious San Quentin and Folsom prisons with a combined total of nearly 6,000 inmates, and Louisiana's hard-core Angola penitentiary, where most of the 6,000-plus residents are there for life.

TBN 2nd Chance pays the total cost of equipment and installation, providing inmates with networks like TBN, the Hillsong Channel worship network, JUCE for teens and young adults, and the Spanish-language Enlace network.

In May TBN 2nd Chance Director Mark Reynolds joined singer and veteran prison evangelist C.J. Orndorff for a nearly month-long road trip to introduce TBN 2nd Chance to corrections directors and prison wardens in several states, to strengthen existing relationships with prisons and facilities that already offer TBN 2nd Chance to

their inmates, and to personally visit and worship with inmates at facilities along the way.

"TBN 2nd Chance is making such a difference in the lives of inmates, which is why we exist," said Mr. Reynolds. "Any time day or night, through TBN's most popular networks, they can experience programming, music, and ministry that will change their lives and help to chart their destiny going forward. We're excited for some of the new states and facilities who are signing on to this powerful and transformative program within prisons across the nation."

TBN MY STORY

Although he grew up knowing about Jesus, Travis Murray never had a personal relationship with Christ, and as a young man found himself caught in a web of drug addiction and sin. After spending nearly a year in prison, Travis was invited by a neighbor to watch TBN with him, a first step that led to a miraculous transformation through faith in Christ.
