Joy In Our Town

This month's *Joy in Our Town* programs featured Pastor Allen Cardines Jr. hosting programs with Dr. Craig Nakatsuka and Nurse Joy Yadao from Hawaii Partnership for Appropriate and Compassionate Care, Lisa Letoto-Ohata and Lori Lau from Lanakila Meals on Wheels, and Athena Sorensen hosting John Hershenberg from Hawaii Community People.

Other Happenings at KAAH Honolulu

We were blessed to be able to help Hawaii Family Forum, a division of Focus on the Family, do a short video for their Second Annual Marriage Gala to celebrate traditional marriage.

From Our Guests and Viewers

Many viewers are calling and commenting on how much they like the new shows:

- “We are joyfully getting the TBN network at home from our roof antenna.”
- Mrs. Lois called and we were able to assist her in accessing the TBN website on her computer. She really appreciated knowing how to navigate to the archived on-demand messages. She calls nearly every day with prayer requests for her health, healing, family, the President — whatever is on her heart.
- Sarah, a young woman in her 30's, stopped in for prayer. She explained how she had just ended a relationship with her partner and decided to give her life back to Jesus. As we prayed, the sweet presence of the Lord filled the lobby, Sarah dropped to her knees, lifted her hands, and began to cry. She received Jesus back into her life! She continues to drop by

since that day, sharing with us what Jesus is doing for her. She was able to find an apartment (which is no small feat here in Honolulu) as well as a church to attend.

– A precious lady dropped by with her donation and requested a bottle of anointing oil. She uses it regularly at her home and secretly at her son's home. She wants to see her son set free of gambling, drinking, and adultery. As we prayed for peace in her heart and confidence in The King, as well guidance for her son, she began to cry and lifted her hands while we claimed the Word of God over her son. She left with renewed hope and confidence, mentioning that Joel Osteen's teachings help her have more hope and faith!
