*Joy In Our Town* programs during this month covered the issues of family health with Pam Timmons and the Good Shepherd Ministries.

We also covered the issue of youth and the problems children face living in a foster home. Pepper's Ranch is a great home for foster children and great Christian house parents. Director Tonya Ratliff discussed with host Pastor Bates about the great facilities at Pepper's Ranch where Tonya and her husband are house parents and have 10 children in their home.

Robin Khoury, Director of the Little Light House school not only is taught school curriculum, but also the Bible is taught and they have chapel services. PTL for those willing to sacrifice a higher pay to teach these children and help them with problems they have in their lives.
