

BRINGING JESUS TO EVERY LIFE. EVERY NATION. EVERY GENERATION.

One minute. Sixty short ticks of the second hand. Minutes seem like such insignificant little things, don't they? They seem to fly by in a blur every hour of every day.

Right now, Laurie and I want to ask you to reconsider the power of a single minute ... of a single second ... when that instant is the one in which a lost or hurting person encounters the love of a living Father God.

If you belong to Jesus—if you've been reborn and are destined for a wonderful eternity in heaven—it's only because you had just such a minute in your life at some point in the past. We can all testify that:

- It only takes a moment for the Spirit of God to flood a dark soul with light.
- In only an instant, shame and despair can be washed away in a flood of forgiveness.
- It only takes a second to say "Yes" to the love of God.

At TBN headquarters we are reminded of this glorious truth every day, as we hear and read the amazing testimonies that pour in from around the world ... testimonies from people God has touched and saved through the

media outreaches of the TBN Family of Networks. Here are just two examples of thousands we could share:

Diamond Learns to Shine

Seventeen-year-old Diamond Friedel was desperate and losing hope. Raised by two drug-addicted parents, she saw her mother sent to prison when she was only 11. She and her two siblings were left in the care of a grandmother who did the best she could in a difficult situation.

30+ NETWORKS

broadcast a message of God's hope and grace in 14 languages around the world!

At the age of 15, Diamond was introduced to the highly addictive drug crystal meth, which she used to numb the inner pain and emptiness she felt. Two years later, her beloved

grandmother succumbed to cancer. As Diamond told us:

“That killed me, because hers was the only love that I really knew on this earth. And that left me even more hopeless.”

In complete despair, Diamond cried out to God for help. That is when she found herself home alone, turned on the television, and happened across TBN. She was stopped by the radiant face of a girl around her own age talking about how she’d found hope, peace, and a better life at a place called the Dream Center (a powerful inner-city ministry highlighted by TBN).

people can hear God's
Word through *Enlace*, our
Spanish-language network.

As she watched TBN in that instant, Diamond felt a spark of hope leap to life in her soul and sensed a powerful draw to go to the Dream Center herself. She followed that prompting (which she later came to understand was the Holy Spirit). There she found Jesus, purpose, and a brand-new life.

In her words, “My life was radically changed.” That change began in a

single, momentary encounter with God through TBN. Diamond Friedel knows that every minute matters.

Imam's Wife Experiences Healing Fire

The wife of a Muslim imam in western Africa was carrying a dangerous secret. On many days, while her husband was away at the mosque, she would use their satellite dish to tune in to *TBN in Africa*. Watching the preaching about Jesus fascinated her and seemed to bring her some comfort amid a debilitating disease that was destroying her body.

One afternoon as she was watching TBN, a preacher named Dr. Siva Moodley seemed to be speaking directly to her. He described her and her illness in precise detail. Here, in her own words, is what happened next:

“It was shocking. How did he know me? When he spoke about me and my sickness, it was as if fire came out of the TV. I was healed! I have watched many

programs on TV before, but never anything like yesterday. Please can you rebroadcast this program. I want my family to see it. They, too, must get this fire. I am reading the Bible on the Internet right now.”

In both of these cases, all God needed was just a fleeting moment and the availability of TBN to utterly change a life for eternity. The same is true for the many thousands of other testimonies we’ve received recently, and it will be true for many thousands of testimonies to come.

Making More Minutes Possible

Carrying the Gospel to the farthest corners of the world on 30+ networks and in 14 major languages is no simple thing. But it is what we, with your partnership, are called to do. The expense of doing this every day is considerable. How considerable?

I recently was made aware by our leadership, who keep this complex operation running, of what it costs to carry one minute of the Gospel to the whole world

**EVERY NATION
MATTERS ...**

through the TBN Family of Networks.
The figure is \$168.

ONE BILLION
potential households
can receive TBN.

Think about that. As a partner with us, you have the ability to give millions all over the world a minute of supernatural opportunity. And as we've already seen ... oh, what our amazing God can do with a single minute! Or with even just a few seconds!

It only takes one second for a lost soul to say "Yes" to God. That's why Laurie and I want to remind you that, when it comes to carrying the Gospel to the whole world, every minute matters. And every minute matters because every LIFE matters, every NATION matters, and every GENERATION matters.

Together, we are broadcasting Jesus—minute after minute. And it's only possible because of you.

"I encountered sexual abuse between the ages of 5 and 7 years old. My innocence was stolen, my authentic identity was stolen. I took on the blame, guilt, and shame. Through the years, I wondered if there was something I could have done differently.

"As an adult, I realized it was not supposed to happen. That adult had no business violating my trust. I had a choice. I could live my life in fear, or I could live my life in faith. I chose faith over fear.

"God reached me through TBN. I knew that dying was not my destiny and that one day I would find hope. I found that hope. Thank you."

YWAM TO JOIN FOR "2020" GLOBAL INITIATIVE

Beginning with a vision from TBN founder, Paul Crouch, Sr., TBN has had long, fruitful relationships in the Hawaiian region that continue today. *Youth With a Mission* (YWAM) headquarters in Kona, Hawaii, was the first stop on our 2017 world tour.

Well-known youth evangelists Loren and Darlene Cunningham sat with us to share the story of their worldwide organization and current initiatives. YWAM has experienced explosive growth in the five years since my father last visited them.

YWAM currently has 1,100 chapters in 180 countries and 18,000 volunteers and staff. All of them are key players making a *huge* impact for Christ among the younger generation.

TBN is excited to align with YWAM—which is now slated to play a strategic role in TBN's worldwide "2020" initiative. Let's reach the world for Jesus!
